Icbc road test score sheet

TO START WITH, THIS IS THE GOAL! IT'S A SUPER CLEAN SCORE SHEET AND A PASS. Enjoy. It's illegal to backup on a crosswalk, so if this happens, just stay there and apologize to any pedestrians. Avoid staring straight ahead (tunnel vision).Check your mirrors before and after turning, changing lanes, or pulling out/over to the side of the road.Before backing up, look all around the vehicle in a full circle (360 degrees) to ensure the surroundings are clear of any people, vehicles or hazards.This is about keeping your eyes looking in the direction you are or will be travelling.When reversing, look in the direction you are moving, with occasional glances forward if and when necessary. • Tuning up for drivers — free for new drivers; \$5 for all others. Do not turn wide or cut the corner.Stop the vehicle before entering an occupied crosswalk.When changing lanes, turning, stopping or parking, ensure your vehicle is at a location safe for yourself and other road users. Consider the road conditions, visibility, weather, and other factors when deciding the appropriate amount of space.Leave an appropriate distance between your vehicle and any stopped vehicle in front of you. You can download our ... Today, I have my supply of test notes, and here they are. It simplifies the results and the mistakes that were made. Refer to "Steering" in the Learn to Drive Smart guide. Also, keep the brake applied when stopped.Fully apply the parking brake when parking and fully release it before moving.Global Skills – SteeringMaintain control of the steering wheel. In other words, if you see a safe opportunity to turn left, for example, then take it. Do not change gear directions (e.g. forward to reverse) while in motion and do not coast in neutral or with the clutch in (manual transmission).You must use the correct brake and gear control to prevent rolling back on a hill.This is for any other speed control errors not listed in this section.When you see a potential hazard, take your foot off the accelerator and cover the brake in preparation to stop. In other words, the examiner will only write down something on this paper if you do something wrong, miss something, or make an error.So, if your paper has no marks, I think it's safe to say you passed your testIf you fail one section, you fail the entire testAutomatic fails can occur for dangerous actions, violations of the law or other reasonsBefore any change in direction, lane change, road position, or pulling away from the curb, check to make sure the blind spot on the relevant side is clear by doing a quick shoulder check.Always scan, especially when driving toward areas where hazards may be present, like playgrounds, crosswalks and intersections. You don't want to leave a football field, but you do want to stop so that you can still see the rear tires of the vehicle in front of you touching the pavement when you stop. Do not initiate a turn with one hand on the inside of the steering wheel.While in motion, keep your feet on the foot pegs and maintain a proper riding position.Use your turn signal to let people know you are planning to turn, change lanes, pull out or pull over.Signal well ahead of the intended action to provide plenty of warning, but not so far ahead as to confuse other road users.Cancel your signal after you have completed the manoeuvre.This is for any other communication errors not listed in this section.Inability to meet the minimum criteria for the driving skills listed in each of the core competencies: Observation, Space Margin, Speed, Steering, and Communication.A driver's action or lack of action which could result in a collision or loss of control of the vehicle. Avoid angling the car or wheels to the left when waiting to turn left.This is for any other steering errors not listed in this sectionTurn your front wheels in the appropriate direction when parked on a hill. Hitting objects, driving over curbs/sidewalks.Commercial Vehicle Pre-Trip Inspection Test Results - Classes 1 or 3 Author: ICBC Forms Subject: Commercial Vehicle Pre-Trip Inspection Test Results - Classes 1 or 3 Keywords: commercial ... Sheets: Commercial Vehicle Pre-trip Inspection Test (MV2950) (Professional Licence Classes 2 or 4 Unrestricted) The road test results sheet is given to students after the road test is completed. It shows skill and confidence. Driver Examiner or other vehicle must take action to prevent collision.Where observed behaviour exceeds the range in the applicable criteria and is typically a ticketable offence e.g., Does not stop at red light.Inability to operate equipment once test has begun. This is just in case it breaks down or you need to move around it for whatever reason.Choose an appropriate space in traffic that doesn't cause other road users to adjust speed and/or road position, take safe gaps when traffic permits and when legally permitted. So it's important to practice this skill.Stop behind crosswalks to avoid blocking people from crossing. Unwilling or unable to perform manoeuvre. The ICBC road test results sheet can look confusing. Hitting objects, driving over curbs/sidewalks. Think of this as a list of things you could do wrong (or right). On the other hand, turning when an oncoming vehicle is too close or too fast could fail your road test for being dangerous. A brief overview of common errors best NOT to bring to an ICBC driving exam day. ... It shows what class of licence the test is for, the results, any test feedback, the next eligible date for ... They use score sheets to track results so that drivers across the province are tested equally and fairly. This might be because demerit points are not used for these particular road tests anymore. It's all about understanding ICBC's "Global Skills" and marking system.Drivers are being tested on ICBC's "global skills." These are broken down into:ObservationSpace MarginsSpeedSteeringCommunicationWithin each of these global skills, there is a list of items. The ICBC road test results sheet can look confusing. You may also glance at your back-up camera.Always identify anything in your driving environment that could be a hazard to you and other road users.This is for any other observational errors not listed above Global Skills – Space MarginsChoose the appropriate, legal and safe lane position that also provides good visibility and ensures safe space margins.Maintain a safe following distance between your vehicle and the vehicle in front of you. Otherwise, be sure to stop before the white stopping line.Maintain a suitable lane position during your turn and end in the correct lane. Refer to "stopping at intersections" in the Learn to Drive Smart guide for more detail.When driving in a parking lot, position your vehicle to ensure it is visible, obey signs/posted instructions and provide room for other road users.You must effectively and safely complete a 3-point turn (U-turn for motorcycles). Refer to the Learn to Drive Smart, or Learn to Ride Smart, guide.When parking, leave adequate space for other vehicles and objects, park close to the curb, do not cover pavement markings, and ensure you are obeying regulations.Cross train tracks at a safe angle to prevent your tires from getting caught in the tracks.Global Skills – SpeedChoose a speed that is consistent, within the speed limit and is appropriate for the conditions.Bring the vehicle to a complete stop when required (at stop signs, red lights and when exiting parking lots).When a light changes to amber, you must stop before entering the intersection unless you are unable to safely stop in time.You must accelerate/decelerate smoothly, without stopping or slowing unnecessarilyYou must select the most efficient gear, and change between gears safely and smoothly. Complete the manoeuvre in a safe location.This is for any other space margin errors not listed in this section.You must stop the correct distance from the legal stop position.
