Management Software

AT-984

User's Guide

For the AT-900024 Layer 2 Gigabit Ethernet Switch

Version 1.1.1

Fast Ethernet Switch

AT-832608

Installation Guide

Figure 14. Fault LED

When the Fault LED is lit, the switch is in a fault state. The Fault LED is lit when the switch is in a fault state. The Fault LED is lit when the switch is in a fault state.

Figure 14. Fault LED

Note: Refer to the section "System LED" on page 34 for information on the system LED.

The switch is ready for network operation. If you want to manage the switch and configure its operating parameters, you in the next procedure for instructions on how to use a local management console.

Note: The further installation steps are required if you do not need to change the default parameter settings of the switch, which are listed in the AT-832 Management Software User's Guide.

Refer to the AT-832 Management Software User's Guide for instructions on how to use a local management console on page 35.
